

Camp Rotary

Policy for the Release of Campers

It is the policy of Camp Rotary to release campers to persons approved by the legal guardian, as stated on the camper's health form. All health forms shall be provided to the camp at the time of registration and check-in. Any persons requesting permission to remove a camper from the premises, whose name does not appear on the camper's health form, shall only be granted said permission at the advice and consent of the scoutmaster. Camp Rotary is not responsible for any campers released by the scoutmaster, once the camper has left the premises. Any persons checking a camper out the camp must provide the camp office with a valid Driver's License.

Brian Nastase, LHAC Scout Executive Brad Murray, Executive Director
