Public Health Department Visitation Worksheet

(For use in completing requirement #7 - Public Health MB)

1.) Name of Dentist:

2.) Address of Dentist:

3.) Date of Visit:

4.) What dental school dentist attended:

5.) Describe what you saw during a plaque-control demonstration.

6.) What tools are used during a prophylactic cleaning?

7.) Did the dentist allow you to see any procedures? If so, please list them and ask why they were performed. If observations are not possible, find out about extractions, root canals, and different types of fillings.

8.) Please note any other interesting findings here.

** When visiting anyone in a professional setting, remember to wear appropriate attire. Thank them for letting you observe (thank you notes are polite).
